

CG-10-97

FAMILY HOUSING ASSIGNMENT

1. Reference AR 210-50, Housing Management, 24 Apr 90.
2. It is my policy to involuntarily assign all military personnel and their families to on-post government housing. This policy is based on my concern for the safety and mission performance of our soldiers, personal and financial hardships which might be incurred if they reside off-post, and to maintain viability of the housing program.
3. Requests from military personnel assigned to WSMR to reside off-post may be approved in the following circumstances:
 - a. Purchased a home within the WSMR commuting area prior to notification of assignment to WSMR.
 - b. Less than six months duty time remaining at WSMR based on PCS orders.
 - c. Personnel with approved established retirement date.
 - d. Bedroom requirement in designated housing of their rank is not available.
 - e. Medical hardship or compassionate reasons.
 - f. Personnel (both military members) assigned to different installations but within WSMR commuting distance may have the choice of installation for housing purposes. Determination is based on which member elects to be the sponsor for housing.
 - g. Newly married member whose spouse is committed to a rental or purchase agreement before marriage.
4. Requests for exception will be submitted in writing to the Family Housing Office.

JERRY L. LAWS
Brigadier General, USA
